PROFESSIONAL SUMMARY

Master of Computer Applications (MCA) student with a strong foundation in software development, Python programming, UI/UX design, and problem-solving. Passionate about developing scalable solutions and transforming ideas into practical applications. Quick learner with strong analytical thinking, communication, and collaboration skills. Experienced in academic projects, prototyping, and cross-functional teamwork. Seeking an opportunity to contribute technical and problem-solving skills in a fast-paced environment such as Amazon.

EDUCATION

Master of Computer Applications (MCA)

REVA University, Bengaluru

2024 – 2026 (*Currently Pursuing*)

Bachelor of Computer Applications (BCA)

REVA University, Bengaluru

2021 – 2024

TECHNICAL SKILLS

Programming Languages

- Python
- SQL
- HTML
- CSS
- JavaScript (Basic)

Computer Science Fundamentals

- Data Structures
- Object-Oriented Programming
- Database Management Systems
- Software Development Life Cycle (SDLC)

Tools & Technologies

- Git
- GitHub
- Visual Studio Code
- Figma
- Canva

UI/UX

- Wireframing
- Prototyping
- User Interface Design
- User Experience Design
- Typography
- Color Theory

Professional Skills

- Problem Solving
 - Analytical Thinking
 - Decision Making
 - Communication
 - Team Collaboration
 - Time Management
 - Adaptability
-

ACADEMIC PROJECTS

AI-Powered Personalized Exercise Recommendation System

- Designed an AI-based fitness recommendation system using Python.
- Developed logic for BMI calculation and personalized workout recommendations.
- Focused on improving user experience through an intuitive interface and personalized suggestions.
- Applied software development principles from planning through implementation.

UI/UX Design Projects

- Created responsive user interfaces and interactive prototypes using Figma.
 - Designed wireframes, user flows, and modern application layouts.
 - Improved usability through user-centered design principles.
-

CERTIFICATIONS

Python Programming Certification

MyCaptain | 2023

International Conference on Innovative Computing Technologies and Applications

Participant | 2025

LEADERSHIP EXPERIENCE

Event Management & Operations Volunteer

Under25

2022 – 2024

- Coordinated event execution for large-scale student festivals.
 - Managed operational activities and collaborated with cross-functional teams.
 - Assisted in marketing initiatives, crowd management, and event logistics.
 - Demonstrated leadership, communication, and problem-solving under tight deadlines.
-

ACHIEVEMENTS

- Participated in an International Conference on Innovative Computing Technologies and Applications.
- Successfully delivered multiple academic software development and UI/UX projects.
- Developed strong teamwork and leadership skills through large-scale event management.
